THE FLOWERS ON HER BONNET

How a Pink Geranium Made Trouble in a Church Society.

By CLARISSA MACKIE.

(Copyright, 1919, by American Press Association.)

Mrs. Wilson paused outside the church door and waited until two other women joined her; then the three made their way slowly down the path and out into the dusty road, where their plodding feet left a white cloud of dust in their wake.

Mrs. Wilson was short and stout and red of face, with iron gray hair, surmounted by a rusty black velvet turban, above which wagged a worn ostrich feather. Her antiquated cape was rusty, as was the black silk skirt she trailed.

TUBERCULOSIS

570 E. Merrill Avenue, Columbus, O.

Nature's Creation has done wonders for me. My family physician told me in December that I could not live, as my lungs were badly affected, and as I was falling right along, I couldn't help from thinking that he was right. I started taking Nature's Creation January 1st and have improved steadily in every way. I was examined lately by my physician and pronounced cured. I am sure of it, as I feel better than I ever did, having gained over ten pounds. I am now working and will never again realize Nature's Creation as it surely has saved my life.

Respectfully,
Pearl Kelley

(From Columbus Dispatch, June 15, 1919.)

Nature's Creation is not a patent medicine but is a scientific treatment in the form of a "cure-all" for tuberculosis, pneumonia, influenza, and all other lung diseases. It is made of pure herbs and is the most powerful and reliable remedy for all lung diseases. Send for booklet containing fifty remarkable cures, which will show you the power of Nature's Creation.
